KLAN ISSUE BLOCKS DEMOCRATIC GEARS

RESOLUTIONS COMMITTEE DEADLOCKED

CHAIRMAN HOMER CUMMINGS ADDRESSES THE CONVENTION

PARTY SPOKESMEN WORRIED OVER THE DEVELOPMENTS

(By United Press)

Madison Square Garden, New York June 28.—The Ku Klux Klan issue today crashed into the fifth session of the democratic convention and effectively blocked its procedure.

After a dramatic recital of the struggles of the resolutions committee over the Klan plank, led by Chairman Homer Cummings of the committee, he asked a recess of the convention until 3 o'clock this afternoon and the recess was taken.

Long before Chairman Walsh pounded for order at 10:35 and started the business of the day leaders had dropped word that the resolutions committee was deadlocked on the Klan plank and a recess of the convention would be necessary.

The party spokesmen were obviously worried over the development. Numerous conferences were under way through the hall and the platform. After the invocation by Rev. John Roach Stratton the viewpoint of Chairman Walsh was revealed when he announced:

"The gravity of the situation which confronts us suggests that we have song as well as prayer."

Walsh then introduced Miss Bennet of Concord, N. H., to lead in the singing of the Star Spangled Banner.

Cummings Reports

Walsh then presented Chairman Homer Cummings of the committee on resolutions.

"I realize that you are impatient for our report," Cummings said.

"I think a word of explanation is due. I will, in a few moments, tell you something about the deliberations which have been going on in that committee.

"I would appreciate your close attention because, in a large measure, it may affect the destinies of our party.

"In accordance with the custom of our party we proceeded to hold public meetings. These meetings lasted for many hours through Tuesday and Wednesday. A subcommittee was then appointed to prepare a draft of the platform. That subcommittee has been in almost continuous session until a recent time when it reported to the full committee. It worked in perfect harmony. It was the desire of everyone to complete the platform which would be commensurate with the duties that lie before the party at this time.

"We have almost completed the platform, and it will be laid before this convention within a very few hours. I think you will be proud of this platform, and that you will regard it as a satisfactory platform.

Many Troublesome Problems

"We have had an unusually large number of troublesome problems, and have dealt with all questions save two in such manner as has won the unanimous support of all members of the committee.

"When we put the platform before you it will be a majority report unanimously made except in two instances: a difference of opinion with regard to the phraseology of the League of Nations.

"A minority report will be made, I understand, by a minority headed by Mr. Baker, of Ohio.

"There remains one point of the platform with which we have to deal. I regret to say that a great difference of opinion arose over this question. The subcommittee struggled over the problem for hours. It was unable to agree unanimously. Last night the full committee went into session, dealing with this problem, having to do with the subject of religious freedom. Our session continued through the night, and I regret to say that as time went on the discussion became more heated.

"It became somewhat acrimonious.

"We began to wonder what would happen if the full convention were thrown into a similar debate. In other words, we began to think of the democratic party. We began to think of its future.

Pleads for United Party

"We began to think of its great history, and all that might be involved in this contest. And then we got closer together—friends about the council table—to see whether we could not get together on this difference so that America might have the service of a united democratic party.

"We concluded that we ought to have an opportunity for further counsel. Let me say in all solemnity in all my experience I have never witnessed such a scene as took place this morning in the committee room at six o'clock when we were about to disperse. One member arose and recited the Lord's Prayer and we all united in it. Then at the close Mr. Bryan lifted up his voice in an invocation for guidance and divine help in this hour of stress.

"I do not know that I should say these things—"

"You shouldn't," came a voice from the floor.

"You're right," shouted another.

"I come at the unanimous request of the committee on resolutions to ask that you recess," Cummings continued, "until three o'clock this afternoon."

The motion was put in an atmosphere of tense silence. A great shout of "ayes," and the recess was taken.

NEAR FIST FIGHTS AND TORRID DEBATE

United Press Headquarters, Waldorf Hotel, New York, June 28—The platform committee of the democratic national convention is still in bitter deadlock on the question of an anti-Klan plank.

The weary members emerged from an atmosphere of near fist fights and torrid debate at 5:30 this morning with all its work done except a plank on the Klan.

It was to meet again at 1:30. In the meantime conferences between different leaders within and outside the committee continued through the morning in an effort to break the jam.

On the League of Nations an agreement was reached. The party will stand as sponsor for the league and recommends a nationwide referendum of the people as to whether the United States shall enter the league. By the result of this poll the party agrees to abide.

AL SMITH WANTS NO SUBTERFUGES

New York, June 28.—"I would infinitely rather lose the nomination on an issue of principle than be successful through a resort to subterfuge," Governor Alfred E. Smith said today, discussing the deadlock on the platform drafting committee of the democratic national convention on the Ku Klux Klan plank.

The governor, however, had nothing to suggest as a compromise plank.

2 REPORTS ON KLAN PLANK

New York, June 28.—At three o'clock, the hour for calling the convention to order, Senator Pat Harrison, on the platform, reported the latest word from the resolutions committee was that it would be ready to report to the convention—with a majority and minority report on the Klan plank. This would then start the Klan fight on the floor.

Chairman Cummings of the committee had stated previously that

RIOTING MAY PREVAIL IN CONVENTION

200 EXTRA POLICEMEN ORDERED TO MADISON SQUARE GARDEN

ANTI-KLAN FACTION IS PREPARING FOR COUP TODAY

(By United Press)

Madison Square Garden, New York June 28.—Thoroughly enmeshed in the issue of the Ku Klux Klan, the democratic national convention will re-convene at 3 o'clock this afternoon in a session fraught with every possibility of one of the greatest battles in political history.

Talk of possible rioting is heard on every hand. Two hundred extra policemen have been ordered out today inside the historic Madison Square Garden. Guards and reserves have been ordered to hold themselves in readiness for duty.

After one of the most stormy sessions a resolutions committee has ever held, in the convening of which members stood with heads bowed in prayer as William Jennings Bryan, with upraised hands, sought Divine guidance, Chairman Cummings reported to the convention that an agreement had not been reached on the Klan plank.

A recess was taken until 3 o'clock this afternoon.

Meantime Ed Moore, leader of the anti-Klan faction, is planning a coup for this afternoon which would throw the convention into turmoil. Moore's temper has been aroused to fever heat. If the committee still is not ready to report at 3 o'clock he intends to demand the floor and will move that the committee be discharged from further consideration of the Klan plank. This will bring an immediate test vote. The plank would then be discussed from the floor, and for the first time in American political history religious questions would be fought out in open session with all the attendant bitterness that invariably arises.

Everywhere temper is rising. The factions are so far apart on the issue of the Klan that state delegations have started quarreling among themselves. Candidates are afraid to make statements for fear they may become so involved that nomination possibilities will be wrecked before balloting starts. Old experienced leaders foresee even a possible wrecking of the party upon this question of religious tolerance.

The McAdoo forces claimed mildly that the outlook is for the adoption of a plank that will not specifically name the Klan.

"The outlook is almost promising," Judge Rockwell said. "The judgment of the wisest men in the party is about to prevail. By that I mean that the plank will reflect a national party view rather than a local view."

A conference of leaders was called at noon at the Manhattan Club, and Governor Smith left his hotel to attend it.

A Coolidge Anecdote

Many of the Coolidge stories have to do with the Coolidge silence and imperturbability.

Shortly after becoming president, Coolidge sent for a group of farm leaders for the purpose of discussing with them the agricultural situation. These leaders, counting on the Coolidge silence, were thrilled with the opportunity they thought they had for pouring volubly all the farmers' grievances into the presidential ear. After they had distributed themselves around his desk, the president said:

"Gentleman, the situation as I see it is thus and so," and for half an hour there poured forth a flood of words without end. On concluding, he arose and extended his hand.

"I thank you very much for calling and discussing this subject with me," he said. And they left without having been able to unburden themselves.—Forbes Magazine.

TOO BIG FOR BOAT, TOWED FISH ASHORE —LAWYER SAYS SO

(From Minnesota Daily Star)

"We couldn't get him into the boat so we towed him to shore."

Frank J. Williams swears it.

Leo. B. Harris swears it.

And they've got the fish to prove it.

Williams, who is in the county attorney's office, and Harris, who lives at 3301 Calhoun boulevard, dined on a wall-eyed pike today. The fish weighed 16½ pounds and came from Lake Merrifield near Brainerd.

"We worked almost two hours trying to land him," Williams said. "We had no landing net and were unable to get the fish in the boat so we tired him out and then rowed to shore and hauled him out on the bank."

INSURANCE MONEY BASIS OF SUIT

BRAINERD BOY, THOMAS W. McMEEKIN IS OF COUNSEL

St. Paul, June 28.—Daniel E. Bay was not satisfied when a district court jury returned a verdict April 28 awarding his stepdaughter, Nuggett M. Burke, $2,000 insurance money left by her mother.

Today, through John J. Keefe, his attorney, Mr. Bay filed notice of motion asking for judgment, notwithstanding the verdict, or a new trial.

Mrs. Nellie G. Bay died at Clayton, Wis., June 9, 1923. She left an insurance policy in the Brotherhood of American Yeomen for $2,000. Originally the policy named Miss Burke, the daughter, as beneficiary, but twice later it was changed to Mr. Bay. Five days before her death, however, Mrs. Bay again named her daughter beneficiary.

Mr. Bay came into court charging undue influence had been used to induce Mrs. Bay to change the policy before she died so as to give the $2,000 to her daughter.

The trial brought out a bitter fight with Thomas W. McMeekin and Patrick Scannell, attorneys for Miss Burke, aligned against John J. Keefe, who represented Mr. Bay.

The Yeomen organization, not wishing to take sides in the controversy, deposited the $2,000 with the clerk of courts, to be turned over to the winner of the controversy.

The case was heard before District Judge J. C. Michael and the jury decided Miss Burke was entitled to the money.

Mr. Bay's motion, to be heard tomorrow, asks judgment in his favor for $1,000 out of the $2,000, notwithstanding the verdict, or for a new trial.

Old Problem Solved; Hen Comes From the Egg, Not Vice Versa

Evanston, June 28.—"The hen comes from the egg and not the egg from the hen."

This is the answer to the famous question debated through ages since Adam. It comes from Conrad E. Tharaldsen of the zoology department of Northwestern university, who shook his long classroom pointing stick at diagrams today to prove his theory.

"The hen carries new germ cells which produce other eggs and presumably new hens, but all hark back to the original germ cell which we call the zygote," Prof. Tharaldsen explained.

LEGION PLANS LAID FOR BIG CELEBRATION

HEARTY RESPONSE SHOWN FOR REQUEST FOR CO-OPERATION

COMMITTEE CHAIRMEN REPORT PROGRESS IN ALL LINES

Hon. L. C. Hodgson, "Larry Ho," former popular mayor of St. Paul and well known in Brainerd where he has addressed local audiences on a number of occasions, will deliver the address at Brainerd's Fourth of July celebration.

A. A. Gieriet and Earl O'Brien, the committee on securing a speaker for the day, have Mr. Hodgson's acceptance to their invitation at the program to be given at Lum Park on the morning of July 4th.

Hon. L. C. Hodgson

The local American Legion is receiving a hearty response to its request for co-operation in making this celebration the biggest in the history of the city. Every man on every committee is working overtime to assure the success of the event.

A. W. Lyddon, chairman of the committee on securing fireworks, states that both day and evening displays of rare beauty have been secured. There are to be no ground pieces, but the aerial fireworks will be very spectacular.

Ambrose McGarry is head of the athletic program committee, and promises some very snappy exhibitions of boxing that should bring sport fans from far and near.

Rowland Jenkins has brought together a fine minstrel organization, and is holding daily rehearsals so that those who hear this part of the program may expect something quite out of the ordinary.

William V. Turcotte is chairman of the sports contest committee, and has secured a fine line-up of prizes which will be offered in each event, and there will be contests for both young and old.

The executive committee is in correspondence with the weather man, and hopes to have his promise of fair weather for next Friday. The public is urged to come early in the morning, prepared to stay all day. The picnic grounds at the park are excellent, and there will be accomodations for all. Many visitors are expected from the Cuyuna Range and from the north where no celebrations are being held.

Electrifying Canada

(By United Press)

Ottawa, Ont., June 28.—Hydro-electric development in Canada was increased to 3,228,000 horse-power in 1923 through installation of 255,000 additional units, according to a report issued by the Dominion Department of Interior. The principal water power developments during the year, it is shown, took place in Eastern Canada. Additions totaling 146,000 horse-power were installed in Ontario. Quebec added 44,000 horse-power.

MacLAREN, BRITISH ROUND WORLD FLIER, FLIES TO BANKOK

London, June 28.—A Central News Bankok dispatch claims Major Stewart MacLaren, British round the world flier, arrived there today.

Earlier dispatches from Rangoon said MacLaren took off yesterday for Tamoy on the Bay of Bengal.

EN ROUTE TO KLAN DEMONSTRATION, KILLED BY TRAIN

(By United Press)

Gallion, O., June 28.—Three persons en route to a Klan demonstration tonight in Marion, O., were killed here today when an Erie railroad freight crashed into their machine. The dead are Willis P. Young, owner of the automobile, Mrs. Lulu Young, his wife, and Dick L. Wilson.

Stage Court Fight Over Giant Monument to the "Lost Cause"

Atlanta, Ga., June 28.—Charging a plot to "rule or ruin," a permanent injunction was sought in the DeKalb circuit court today to prevent Sam H. Venable, part owner of Stone Mountain from interfering with the work of carving a gigantic memorial to the "Lost Cause" on the granite heights.

The Stone Mountain Memorial association opened a temporary restraining order two weeks ago against Venable and a hearing on the injunction will be held before Judge John B. Hutcheson.

Court action was taken, Hollins Randolph, president of the Stone Mountain Memorial association, said in a statement, as a last resort and "as a matter of duty to the many thousands of patriotic men, women and children who have contributed to the memorial."

Internal troubles arose when Venable, a member of the executive committee of the Stone Mountain Memorial Association, at the annual meeting in April, "made efforts to obtain control of the entire administration of the association's affairs," Randolph's statement said. "He clearly indicated that it was his purpose to disrupt the association if he failed to gain control."

The petition to the court for the injunction recited a long list of grievances against the owner of the mountain, the association contending he had blocked a plan to widen the highway to the project; demanded payment for tolls and equipment donated a year ago; fenced off his property; posted trespass notices; notified the superintendent of construction to get electric and air pressure lines off his property and that any worker who stepped on property which had not been donated to the memorial association would be prosecuted for trespass.

AIRPLANE FALLS AND KILLS TWO

Akron, O., June 28.—Howard R. Calvert, 35, of Medina, O., and Miss Wilda Wickersham, 21, of Cuyahoga Falls, were killed Friday night when the airplance in which they were flying crashed to the ground from an altitude of 1,000 feet.

Calvert, a commercial aviator and instructor in flying, had taken Miss Wickersham up for an instruction flight and it is believed the girl was in control of the machine when the motor suddenly stopped.

Watchers in a field below said they heard the motor suddenly sputter and die. Then they saw the big plane suddenly slide into a tail spin and come hurtling end on end to earth.

Middletown, N. Y., June 28.—Joseph Ray of Newburgh, whose wife left a will requesting his remarriage, has carried out the provisions by marrying Esther B. Evans of that city. She urged him to "find some good woman, get married again, and maintain a home."

FIVE KILLED IN AN ELECTRICAL STORM, PEORIA

HIGH WINDS ACCOMPANYING DO MILLION DOLLARS DAMAGE

FOUR DROWNED IN ILLINOIS RIVER, ONE STRUCK BY LIGHTNING

(By United Press)

Peoria, Ill., June 28.—Five persons were killed in a terrific electrical storm which struck this city today.

The storm, accompanied by high winds, caused damage estimated at nearly a million dollars.

Windows in the business district here were smashed, automobiles blown over, smashed, and hurled through store windows.

Four persons were drowned in the Illinois River near here and one was killed by lightning on a railroad bridge near Pekin.

STORM SWEPT CENTRAL WEST

Chicago, June 28.—A high wind storm of cyclonic proportions swept the middle west today. Wire communication was destroyed, railroad schedules demoralized. The storm struck Nebraska, Iowa and Illinois and also swept through parts of lower Wisconsin.

Streets were flooded in Des Moines and other Iowa cities.

Monmouth, Ill., and surrounding cities and villages received the brunt of the storm in this state.

Trains on the Rock Island, Burlington, Northwestern, Chicago, Milwaukee & St. Paul railroads were held up on high ground with many miles of track washed out. Efforts to reroute trains failed due to general destruction throughout the west. The wind which blew heavy rains swept down many trees, telegraph poles and smaller buildings. Crop damage was said to be heavy. No fatalities were reported except in Peoria, Ill., where five were killed.

BIG FOUR TRAIN LOST IN STORM

Peoria, Ill., June 28.—A Big Four passenger train en route from Indianapolis to Peoria, due here at 6:45 p. m., could not be located with all telegraph wires down along the road's right of way. The train was cut off from all means of communication.

Washington, Morton, Cloverdale and Urbandale, nearby villages, were reported practically wiped out by the cloudburst.

Unconfirmed reports of three other deaths in the storm area have been received but not confirmed.

MARINES CLEAR DECK FOR ACTION ON BONUS

Washington, June 28.—Swift handling of the Adjusted Compensation claims of approximately 80,000 U. S. Marines or their beneficiaries is promised by the Marine Corps.

Blanks upon which to make applications for bonus, with sheet of instructions and envelopes for forwarding application, are now in course of printing and will be forwarded in the near future direct from the Government Printing Office to post offices, patriotic societies and recruiting offices of all branches of the service.

The clerical force handling this work will be limited and the rapidity with which applications wil be received and disposed of, i. e., certified by the Marine Corps to the U. S. Veterans' Bureau, for the issuance of the Adjusted Compensation Certificate will be retarded should a large amount of unnecessary corespondence be received.

Each application for bonus will be acknowledged upon its receipt, and the applicant will also receive another notice when the Marine Corps completes its action and forwards the application and certificate to the U. S. Veterans' Bureau.

KLAN ISSUE BLOCKS DEMOCRATIC GEARS

RESOLUTIONS COMMITTEE DEADLOCKED

INSURANCE MONEY BASIS OF SUIT

BRAINERD BOY, THOMAS W. MCMEEKIN IS OF COUNSEL

St. Paul, June 28.—Daniel E. Bay was not satisfied when a district court jury returned a verdict April 28 awarding his stepdaughter, Nuggett M. Burke, $2,000 insurance money left by her mother.

Today, through John J. Keefe, his attorney, Mr. Bay filed notice of motion asking for judgment, notwithstanding the verdict, or a new trial.

Mrs. Nellie G. Bay died at Clayton, Wis., June 9, 1923. She left an insurance policy in the Brotherhood of American Yeomen for $2,000. Originally the policy named Miss Burke, the daughter, as beneficiary, but twice later it was changed to Mr. Bay. Five days before her death, however, Mrs. Bay again named her daughter beneficiary.

Mr. Bay came into court charging undue influence had been used to induce Mrs. Bay to change the policy before she died so as to give the $2,000 to her daughter.

The trial brought out a bitter fight with Thomas W. McMeekin and Patrick Scannell, attorneys for Miss Burke, aligned against John J. Keefe, who represented Mr. Bay.

The Yeomen organization, not wishing to take sides in the controversy, deposited the $2,000 with the clerk of courts, to be turned over to the winner of the controversy.

The case was heard before District Judge J. C. Michael and the jury decided Miss Burke was entitled to the money.

Mr. Bay's motion, to be heard tomorrow, asks judgment in his favor for $1,000 out of the $2,000, notwithstanding the verdict, or for a new trial.

COMMITTEE CHAIRMEN REPORT PROGRESS IN ALL LINES

Hon. L. C. Hodgson, "Larry Ho," former popular mayor of St. Paul and well known in Brainerd where he has addressed local audiences on a number of occasions, will deliver the address at Brainerd's Fourth of July celebration.

A. A. Gieriet and Earl O'Brien, the committee on securing a speaker for the day, have Mr. Hodgson's acceptance to their invitation at the program to be given at Lum Park on the morning of July 4th.

Hon. L. C. Hodgson

The local American Legion is receiving a hearty response to its request for co-operation in making this celebration the biggest in the history of the city. Every man on every committee is working overtime to assure the success of the event.

A. W. Lyddon, chairman of the committee on securing fireworks, states that both day and evening displays of rare beauty have been secured. There are to be no ground pieces, but the aerial fireworks will be very spectacular.

Ambrose McGarry is head of the athletic program committee, and promises some very snappy exhibitions of boxing that should bring sport fans from far and near.

Rowland Jenkins has brought together a fine minstrel organization, and is holding daily rehearsals so that those who hear this part of the program may expect something quite out of the ordinary.

William V. Turcotte is chairman of the sports contest committee, and has secured a fine line-up of prizes which will be offered in each event, and there will be contests for both young and old.

The executive committee is in correspondence with the weather man, and hopes to have his promise of fair weather for next Friday. The public is urged to come early in the morning, prepared to stay all day. The picnic grounds at the park are excellent, and there will be accomodations for all. Many visitors are expected from the Cuyuna Range and from the north where no celebrations are being held.

Electrifying Canada

(By United Press)

Ottawa, Ont., June 28.—Hydro-electric development in Canada was increased to 3,228,000 horse-power in 1923 through installation of 255,000 additional units, according to a report issued by the Dominion Department of Interior. The principal water power developments during the year, it is shown, took place in Eastern Canada. Additions totaling 146,000 horse-power were installed in Ontario. Quebec added 44,000 horse-power.

London, June 28.—A Central News Bankok dispatch claims Major Stewart MacLaren, British round the world flier, arrived there today.

Earlier dispatches from Rangoon said MacLaren took off yesterday for Tamoy on the Bay of Bengal.

EN ROUTE TO KLAN DEMONSTRATION, KILLED BY TRAIN

(By United Press)

Gallion, O., June 28.—Three persons en route to a Klan demonstration tonight in Marion, O., were killed here today when an Erie railroad freight crashed into their machine. The dead are Willis P. Young, owner of the automobile, Mrs. Lulu Young, his wife, and Dick L. Wilson.

Stage Court Fight Over Giant Monument to the "Lost Cause"

Atlanta, Ga., June 28.—Charging a plot to "rule or ruin," a permanent injunction was sought in the DeKalb circuit court today to prevent Sam H. Venable, part owner of Stone Mountain from interfering with the work of carving a gigantic memorial to the "Lost Cause" on the granite heights.

The Stone Mountain Memorial association opened a temporary restraining order two weeks ago against Venable and a hearing on the injunction will be held before Judge John B. Hutcheson.

Court action was taken, Hollins Randolph, president of the Stone Mountain Memorial association, said in a statement, as a last resort and "as a matter of duty to the many thousands of patriotic men, women and children who have contributed to the memorial."

Internal troubles arose when Venable, a member of the executive committee of the Stone Mountain Memorial Association, at the annual meeting in April, "made efforts to obtain control of the entire administration of the association's affairs," Randolph's statement said. "He clearly indicated that it was his purpose to disrupt the association if he failed to gain control."

The petition to the court for the injunction recited a long list of grievances against the owner of the mountain, the association contending he had blocked a plan to widen the highway to the project; demanded payment for tolls and equipment donated a year ago; fenced off his property; posted trespass notices; notified the superintendent of construction to get electric and air pressure lines off his property and that any worker who stepped on property which had not been donated to the memorial association would be prosecuted for trespass.

AIRPLANE FALLS AND KILLS TWO

Akron, O., June 28.—Howard R. Calvert, 35, of Medina, O., and Miss Wilda Wickersham, 21, of Cuyahoga Falls, were killed Friday night when the airplance in which they were flying crashed to the ground from an altitude of 1,000 feet.

Calvert, a commercial aviator and instructor in flying, had taken Miss Wickersham up for an instruction flight and it is believed the girl was in control of the machine when the motor suddenly stopped.

Watchers in a field below said they heard the motor suddenly sputter and die. Then they saw the big plane suddenly slide into a tail spin and come hurtling end on end to earth.

Middletown, N. Y., June 28.—Joseph Ray of Newburgh, whose wife left a will requesting his remarriage, has carried out the provisions by marrying Esther B. Evans of that city. She urged him to "find some good woman, get married again, and maintain a home."

FIVE KILLED IN AN ELECTRICAL STORM, PEORIA

HIGH WINDS ACCOMPANYING DO MILLION DOLLARS DAMAGE

FOUR DROWNED IN ILLINOIS RIVER, ONE STRUCK BY LIGHTNING

(By United Press)

Peoria, Ill., June 28.—Five persons were killed in a terrific electrical storm which struck this city today.

The storm, accompanied by high winds, caused damage estimated at nearly a million dollars.

Windows in the business district here were smashed, automobiles blown over, smashed, and hurled through store windows.

Four persons were drowned in the Illinois River near here and one was killed by lightning on a railroad bridge near Pekin.

STORM SWEPT CENTRAL WEST

Chicago, June 28.—A high wind storm of cyclonic proportions swept the middle west today. Wire communication was destroyed, railroad schedules demoralized. The storm struck Nebraska, Iowa and Illinois and also swept through parts of lower Wisconsin.

Streets were flooded in Des Moines and other Iowa cities.

Monmouth, Ill., and surrounding cities and villages received the brunt of the storm in this state.

Trains on the Rock Island, Burlington, Northwestern, Chicago, Milwaukee & St. Paul railroads were held up on high ground with many miles of track washed out. Efforts to reroute trains failed due to general destruction throughout the west. The wind which blew heavy rains swept down many trees, telegraph poles and smaller buildings. Crop damage was said to be heavy. No fatalities were reported except in Peoria, Ill., where five were killed.

BIG FOUR TRAIN LOST IN STORM

Peoria, Ill., June 28.—A Big Four passenger train en route from Indianapolis to Peoria, due here at 6:45 p. m., could not be located with all telegraph wires down along the road's right of way. The train was cut off from all means of communication.

Washington, Morton, Cloverdale and Urbandale, nearby villages, were reported practically wiped out by the cloudburst.

Unconfirmed reports of three other deaths in the storm area have been received but not confirmed.

MARINES CLEAR DECK FOR ACTION ON BONUS

Washington, June 28.—Swift handling of the Adjusted Compensation claims of approximately 80,000 U. S. Marines or their beneficiaries is promised by the Marine Corps.

Blanks upon which to make applications for bonus, with sheet of instructions and envelopes for forwarding application, are now in course of printing and will be forwarded in the near future direct from the Government Printing Office to post offices, patriotic societies and recruiting offices of all branches of the service.

The clerical force handling this work will be limited and the rapidity with which applications wil be received and disposed of, i. e., certified by the Marine Corps to the U. S. Veterans' Bureau, for the issuance of the Adjusted Compensation Certificate will be retarded should a large amount of unnecessary corespondence be received.

Each application for bonus will be acknowledged upon its receipt, and the applicant will also receive another notice when the Marine Corps completes its action and forwards the application and certificate to the U. S. Veterans' Bureau.

THREE SUSPECTS HELD BY POLICE

Preston H. Lindeman, Charles McCormick and James Arthur McCormick were picked up late Friday evening by the local police, as suspects who robbed Nick Hryew while the four were riding in a box car between Hackensack and Brainerd. An Saturday afternoon the trio signed a written confession to the crime, which up to that time they had denied.

As told by Hryew, the four were riding in a box car loaded with ties on a Minnesota & International freight train. The train left Hackensack at 6 o'clock Friday evening and arrived in Brainerd at 9 o'clock.

Just out of Pequot, Lindeman is said to have thrown Hryew to the floor of the car and choked him, while James A. McCormick went through the pockets of the victim, taking a pocketbook containing 10 dollars in cash. The trio threatened to throw Hryew off from the moving train if he offered any resistance.

In Brainerd Hryew notified the police, and Captain Erick Graff with Patrolmen Fred Marquis, O. M. Risberg and John Beugnot went in search of the holdup men. The found them at the corner of South Fourth and Front streets. Lindeman was taken into custody and the other two started to run, but a shot from Captain Graff changed their minds and they came back and gave themselves up.

They told the police that they had just come from Pillager, but this morning admitted their guilt and in the afternoon made a clean breast of the crime to City Attorney D. H. Fullerton. Lindeman is originally from Pennsylvania, but with the two McCormicks has been on a farm in Cass county. He gave his age as 22 years. Charles McCormick states that he is 17 years old, and James McCormick 19 years of age. Hryew is a farmer residing near Bemidji.

The three will be arraigned in district court at 10 o'clock Monday morning.

"House and $400 Destroyed By Fire"

A newspaper thus starts the story of the burning of an Illinois home. "The $400 in currency was under the pillow on one of the beds."

Just when we begin to think that people have learned to put their cash in the bank where it is safe, some fire or theft discloses our mistake. Even a small roll of bills is safer in the bank than at home and we pay interest on it if deposited in our Savings Department. Keep your money at work.

Smart Knitted Togs In Sportswear Revue

Crowds Throng Grand Central Palace To See Showing of Knitted OUTERwear

New York.—The Sportswear Revue, presented under the auspices of the Knitted OUTERwear Bureau, in connection with the recent National Outdoor Sports Exposition at the Grand Central Palace, revealed to everyone the indisputable importance of knitted outerwear in the world of sports.

Every type of knitted attire was displayed on masculine and feminine models, including garments for both summer and winter sports. And, what is most important, all the numbers shown were distinctly wearable—knitted to withstand the strain of the sports for which they were intended.

Outfits for riding, skating, hockey, baseball, hiking and hunting were shown in jersey, camel's hair and heavy jumbo knitted costumes. In several instances sweater, knickers, hose, scarf and tam were knitted to match.

Knitted apparel for the less strenuous sports, as well was given much attention. The fisher maid, in a close-fitting orange sports sweater, tweed knickers, heavy boots and suede slouch hat drew many favorable comments.

An equally interesting outfit, worn by the huntress, consisted of heavy leather boots, tweed knickers, hunting blouse and jaunty suede hat—all in buff. The clever jacket was knitted to simulate the leather blouse, with snug hip band and cuffs, and capacious bellows pockets. Both masculine and feminine spectators expressed enthusiastic approval of this practical costume which bids fair to rival the leather jacket that has hitherto held the field to itself, and at a fraction of the latter's cost.

Of course the ensemble costume for wear at the country club was in evidence in soft mohair, bouclette and fibre-silk one-piece frocks boasting either a smart matching jacket or a jaunty shoulder cape.

The many women who have elected to carry out a costume scheme in black and white will be interested in one of these striking affairs, which boasted a three-quarter shoulder cape with a Pierrot collar. Its one-piece frock was a tubular model, in white, with an all-over diamond jacquard design. Inch-wide stripes in solid black banded the wide sleeves and lower portion of the trim frock, and striped the entire surface of the cape.

Correct clothes for golf and tennis were stressed, including swagger sleeveless jacquettes, slipovers and one- and two-piece knitted frocks. A charming golf costume was achieved by the combination of a clever sleeveless jacquette in Mexico with bouclette trimmings in tangerine, and a tangerine pleated skirt.

Nearly every sweater and frock repeated its color harmonies in an accompanying graceful knitted scarf.

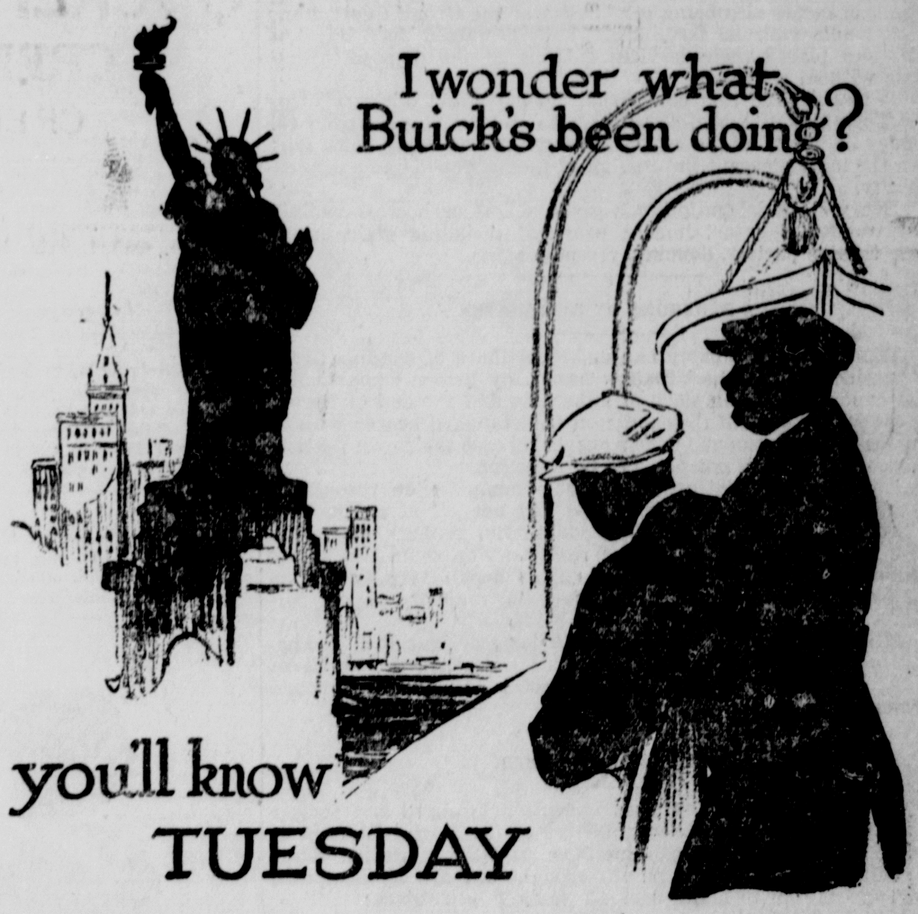

Yellow was a feature unto itself—finding expression in numberless costumes. In a simple one-piece frock knitted of white mohair, yellow fibre silk was used to construct a wide plaid—a combination at once effective and successful.

The bathing suit promenade was of course a highly important feature. Green, blue, red and orange all found places in the program, and one clever model knitted in a heavy sweater stitch showed an all-over pattern of black and white checks.

New are the "convict" striped bathing suits for men and women now making their appearance at the smartest watering places. In the Sportswear Revue these were interpreted in varied hues, generally alternating strong colors such as bright blue, red, or green with stripes of white. Many of the bathing suits were worn with heavy shaker sweaters in white or solid colors, a decided preference being given the sweater over the beach cape.

CHAUTAUQUA SUCCESSFUL

BRAINERD'S Chautauqua came to a successful close last night, a record-breaking audience hearing the Welsh miners sing and Strickland Gillilan speak. The old officers and directors, as stated by A. J. Hayes in his talk, had done very well and the people re-elected them. The advance season ticket sale for next year has progressed so favorably that a season of splendid Chautauqua is insured for next year.

The New Park theatre offered an admirable center for holding the Chautauqua. Patrons knew that weather conditions would not work or militate against attendance, as often happens to tented audiences. Next year an effort will be made to have uniform time schedules, starting all afternoon performances at a certain hour and all evening performances at regular hours. More publicity will be accorded the fact that afternoon programs differ from evening programs, different material being used in each. In no sense is an afternoon performance a matinee or repetition of an evening performance.

Fine publicity was accorded by all papers of Brainerd and the Chautauqua is very grateful for this. There was cooperation shown on all sides by all interests of Brainerd and the real Chautauqua spirit prevailed at all times. Performers vied in presenting their best offerings, and audiences were quick to applaud good points. The Chautauqua, at very moderate price, has brought good things in an educational and entertainment way to Brainerd and the community, by its attendance, has appreciated the work of its citizens and the Chautauqua pepole.

PREPARED FOR CONVENTION

NEW YORK prepared for the democratic national convention. The convention committee of the Hotel Association of New York marshalled 20,000 rooms, all in first class hotels. In addition to the 200 hotels having membership in the Hotel Association of the city, a list was also compiled of more than 1,000 residential apartments with rooms available for use. All such accommodations were carefully investigated as to desirability of location, surroundings, service and prices. This was done to insure complete satisfaction to all guests and as a safeguard against overcharging.

The committee also looked after visitors accompanying delegates. A room bureau was maintained giving all possible information, branches also being established at the Grand Central and Pennsylvania railroad terminals. They remained open day and night and placed their services entirely at the disposal of the public without charge.

It was desired that convention delegates and others visiting New York City at this time be made to feel the hospitality of the premier hotel city of the world, so that they will carry home with them the most pleasant impression of the metropolis as a convention city.

Every state delegation was given a host or hostess and the most wonderful entertainment provided including sight seeing tours, theatre parties, dancing, receptions, etc.

A PLETHORA OF CANDIDATES

THE Democratic party has such a plethora of candidates for the presidency that the situation has really grown embarassing. Each candidate has his flock of adherents and the end of the argument is, can or will they unite on one standard bearer without carrying along a grudge in their hearts because their own particular favorite son was not honored by selection.

And then the platform. The sub-committee on resolutions was still wrestling with planks and had not yet at a late hour yesterday turned in its building job to the general committee. There has been some "passing of the buck" on some issues, and some questions may be fought out on the floor of the convention hall, as minority reports may harass the majority report formulators.

Minnesota is interested because it has a delegation at the national convention. But as to the general election, it is believed the big contest in Minnesota will be between the Republican and Farmer-Labor parties.

THE BURLEY BULLETIN

HENRY C. DWORSHAK, well known in Brainerd and former Duluthian, is now editor and publisher of the Burley Bulletin of Burley, Idaho. The issue of June 5 contains the salutation of the new editor. Some of the points brought out are applicable to many papers and to many communities. For instance:

"While the Bulletin is privately owned, it is a quasi-public institution, and as such it is dedicated to the service of Burley and its trade territory. Nothing is more vital to a community than a live, energetic newspaper.

"Publishing a newspaper is not as simple as many business ventures. A paper meets with approval and disapproval. It is impossible to satisfy all the people all the time. If you are offended by some statement or news item, don't complain to others; come in and tell the editor. Also, when you are favorably impressed by some article, or pleased by some effort to render service, let the editor know. This cooperation will serve as a stimulus."

SHOW FAITH IN BRAINERD

BY erecting a handsome fireproof building resplendent with a pressed brick front, installing fine equipment and stock, Swanson & Thon, Northeast Brainerd grocers, have shown their abiding faith in Brainerd and their section of the city. Today is their opening day and every friend visiting the store is greeted with a souvenir expressing the goodwill of the proprietors.

It is such concrete examples as these which indicate the fact that Brainerd is a good town in which to do business, that temporary adversity in the shape of a serious fire can be overcome and that a progressive spirit rises supreme to all occasions.

Madison Square Garden by Night, Showing How Historic Building Was Groomed for Democrats

This photograph gives an excellent impression of how Madison Square Garden looked while the Democratic National Convention was being held there. All the streets surrounding the Garden and Fifth avenue from Washington Arch to Sixtieth street were illuminated with more than 25,000 colored electric lights. The lighted festoons were in the New York City colors— orange, blue and white.

CHAUTAUQUA SUCCESSFUL

BRAINERD'S Chautauqua came to a successful close last night, a record-breaking audience hearing the Welsh miners sing and Strickland Gillilan speak. The old officers and directors, as stated by A. J. Hayes in his talk, had done very well and the people re-elected them. The advance season ticket sale for next year has progressed so favorably that a season of splendid Chautauqua is insured for next year.

The New Park theatre offered an admirable center for holding the Chautauqua. Patrons knew that weather conditions would not work or militate against attendance, as often happens to tented audiences. Next year an effort will be made to have uniform time schedules, starting all afternoon performances at a certain hour and all evening performances at regular hours. More publicity will be accorded the fact that afternoon programs differ from evening programs, different material being used in each. In no sense is an afternoon performance a matinee or repetition of an evening performance.

Fine publicity was accorded by all papers of Brainerd and the Chautauqua is very grateful for this. There was cooperation shown on all sides by all interests of Brainerd and the real Chautauqua spirit prevailed at all times. Performers vied in presenting their best offerings, and audiences were quick to applaud good points. The Chautauqua, at very moderate price, has brought good things in an educational and entertainment way to Brainerd and the community, by its attendance, has appreciated the work of its citizens and the Chautauqua pepole.

THE DE SMIDT CONFECTIONERY

Magnificently Furnished New Establishment Opens to the Public on Monday, June 30

FIXTURES VERY BEAUTIFUL

Every Detail Looked After With Rare Fidelity to Make it a Model Store of Its Kind

On Monday, June 30, Alfred DeSmidt will open his confectionery in the Iron Exchange building, corner of South Sixth and Laurel streets. With rare fidelity Mr. DeSmidt has attended to every detail and the completed store gives the last word in elegant fixtures, furnishings, and modern, sanitary equipment. Those who have seen it say it equals the best of the Twin Cities.

The fixtures are of silver grey quarter sawed oak. Silk tapestry on the walls has ebony trimming, the mirrors are encased with ivory finished trimming and the tables have ebonized tops. Electric lamps have blue silk shades to match the tapestry These individual lights in the twelve booths are controlled by switches operated from the soda bar. Alternate booths are provided with costumers. Care was even taken that the linoleum carried patterns and colors harmonizing with the general color scheme as selected by Mr. and Mrs. DeSmidt.

Coral glass 16 inch domes provide the indirect lighting of the establishment. Candy counters are of the latest type. The fountain is one of the best made, marble encased, keeping all drinks and creams cold. It is equipped with a Rowe rinser, hot water attachmentt which thoroughly sterilizes all glasses, etc. A flowing "disher well" cleanses all utensils.

The fountain is twelve feet in length, of marble matching the general color scheme of the interior, and has a black marble base. The backbar is of plate glass and has plate glass shelves, and ebonized top. The fountain has attached a carbonating machine, automatic in operation, insuring freshly carbonated waters at all times.

The cigar case is of plate glass, zinc lined, equipped with humidors, etc., to insure stocks kept in perfect condition. There are also cigar and cigaret cases, specially equipped.

The Sixth street window will be used as a display window. It is entirely encased, thus insuring stock kept in perfectly sanitary condition. A large electric street sign will soon be installed.

The candies carried will be largely those manufactured by the DeSmidt company of Oshkosh, Wis. They specialize in fine chocolates, the double coated ones being especially liked by all lovers of swetmeats.

The DeSmidt's are no strangers in Brainerd. For several years they have had a summer home on Big Pelican lake and later removed to Round lake where they have maintained a summer home the past two seasons.

The opening of the DeSmidt confectionery was delayed by inability of the manufacturers to build the fixtures in the time originally contracted for. An expert was sent to supervise their installation. Today all is in readiness for the informal opening set for Monday, June 30. At a date later, to be announced, will occur the formal opening of the establishment.

Mr. DeSmidt has been joined by his family of wife, son and daughter and they have found apartments in the Lagerquist block.

Brainerd extends a cordial welcome to them and believes they will be successful. They have a large acquaintance in the city and among the various lake cottagers and resorters, are acquainted with conditions here, and hope by offering the highest quality goods in confectionery lines, coupled with rare service in such a superb setting as provided by their shop, to secure an ever increasing clientele.

there would be a minority report also on the league of nations plank.

Reports were circulated in several delegations that the convention might take another recess immediately after being called to order. The California McAdoo delegation was informed that the question of adjournment until Monday would come up and that they should support it. Other reports were that recess until 8 o'clock tonight would be the program.

BAINBRIDGE COLBY VS. WM. JENNINGS BRYAN

Madison Square Garden, New York June 28.—Bainbridge Colby versus William Jennings Bryan.

This was the dramatic debate in prospect for the delegates to the democratic national convention when they reassembled at three o'clock this afternoon to hear the report of the resolutions committee and decide on the floor of the convention whether the party will go on record as favoring an out-and-out anti-Klan plank specifically denouncing the organization by name.

An open convention floor fight, bringing out all the bitterness that can be anticipated in a religious argument, is now assured, leaders said.

The delegations of New York, Ohio and Illinois were pledged early this afternoon to stand together in a fight to call the Klan by name, denouncing its principles and standing for religious tolerance.

Long before the convention was called to order for the afternoon session word came down that there would be a majority and minority report on the plank, as there would be on the League of Nations plank. The strong anti-Klan leaders reported upon arrival at the convention that Bainbridge Colby would lead the fight for the minority report, which specifically names the Klan. At the same time they stated that Bryan had agreed to lead the fight for the majority report which does not name the Klan specifically.

ANTI KLANSMEN LOSE FIRST SKIRMISH

New York, June 28.—Anti-Klansmen lost their fight on the resolutions committee for denunciation of the Klan by name.

After a brief session this afternoon the committee voted 34 to 16 to include in the democratic platform a plank pledging religious freedom but without mentioning the Ku Klux Klan.

A minority report will be submitted shortly to the convention, and leaders of both sides feel certain that the fight will be concluded on the floor.

Health Scholarship Winners Urge Tooth Brush Drill For Pupils

When Alice went down the rabbit hole on her way to Wonderland you will recall that she tasted of the little bottle labeled "Drink Me" and then to her dismay she began to shrink and shrink and shrink. Perhaps these two young ladies shown above are two adventuring Alices, for the toothbrushes are evidently too large for them. What do you suppose really happened?

A toothbrush can't grow. Even if the Duchess commanded it, the most obliging toothbrush would be at a loss what to do. Even if the Duchess lost her well-known temper and cried "Off with their heads" the toothbrushes would have to submit helplessly. But wait! Perhaps there is a chance for them! A reprieve!

A toothbrush is a pretty important part of anyone's equipment. That's what the teachers in the public schools have been trying to impress on a great many, who have been rather disposed to consider toothbrushes as, at most, a nuisance.

It is quite possible someone may have taken it into his head to make a couple of toothbrushes grow very large so as to emphasize the importance of clean teeth.

These are two such unusual brushes, grown large at the command of the Duchess of Health. They made their appearance on the Pacific coast where apples and trees and things often grow very large. People out there are often inclined to look at things in a large way and this is the result.

As a matter of fact these two Alices are pupils of Miss Dora Savage, a teacher at San Francisco, who won a $500 health teaching scholarship in the contest conducted this year by the American Child Health Association. The $25,000, needed for fifty such scholarships awarded to elementary school teachers in fifty cities, was furnished by the Metropolitan Life Insurance Company in order to promote good health teaching and thus improve the health of the children of to-day and the grown-ups of to-morrows.

During the year the toothbrush has grown larger and larger in the minds of children everywhere in America as a result of this contest and clean teeth is but one of the Rules of the Game of Health which Miss Savage and the other teachers have emphasized.

Monster Crabs

King crabs, found mostly off the islands of Japan, measure from three feet to five feet from tip to tip of their great claws. The largest ever caught is recorded as having been nineteen feet from tip to tip.

Apple of Discord.

The Apple of Discord was a golden fruit bearing the inscription "for the fairest," which was thrown by Eris (or Discord) into the midst of the company at the marriage of Peleus and Thetis. The prize was claimed by Juno, Minerva and Venus, and was awarded to Venus by Paris, who was called in to make the award. The decision brought about the Trojan war.

Orange Oil Industry

The orange oil industry in Jamaica is proving of great value, and is a means of getting money from oranges which would otherwise go to waste.

New York, June 28.—Anti-Klansmen lost their fight on the resolutions committee for denunciation of the Klan by name.

After a brief session this afternoon the committee voted 34 to 16 to include in the democratic platform a plank pledging religious freedom but without mentioning the Ku Klux Klan.

A minority report will be submitted shortly to the convention, and leaders of both sides feel certain that the fight will be concluded on the floor.

Health Scholarship Winners Urge Tooth Brush Drill For Pupils

When Alice went down the rabbit hole on her way to Wonderland you will recall that she tasted of the little bottle labeled "Drink Me" and then to her dismay she began to shrink and shrink and shrink. Perhaps these two young ladies shown above are two adventuring Alices, for the toothbrushes are evidently too large for them. What do you suppose really happened?

A toothbrush can't grow. Even if the Duchess commanded it, the most obliging toothbrush would be at a loss what to do. Even if the Duchess lost her well-known temper and cried "Off with their heads" the toothbrushes would have to submit helplessly. But wait! Perhaps there is a chance for them! A reprieve!

A toothbrush is a pretty important part of anyone's equipment. That's what the teachers in the public schools have been trying to impress on a great many, who have been rather disposed to consider toothbrushes as, at most, a nuisance.

It is quite possible someone may have taken it into his head to make a couple of toothbrushes grow very large so as to emphasize the importance of clean teeth.

These are two such unusual brushes, grown large at the command of the Duchess of Health. They made their appearance on the Pacific coast where apples and trees and things often grow very large. People out there are often inclined to look at things in a large way and this is the result.

As a matter of fact these two Alices are pupils of Miss Dora Savage, a teacher at San Francisco, who won a $500 health teaching scholarship in the contest conducted this year by the American Child Health Association. The $25,000, needed for fifty such scholarships awarded to elementary school teachers in fifty cities, was furnished by the Metropolitan Life Insurance Company in order to promote good health teaching and thus improve the health of the children of to-day and the grown-ups of to-morrows.

During the year the toothbrush has grown larger and larger in the minds of children everywhere in America as a result of this contest and clean teeth is but one of the Rules of the Game of Health which Miss Savage and the other teachers have emphasized.

Apple of Discord.

The Apple of Discord was a golden fruit bearing the inscription "for the fairest," which was thrown by Eris (or Discord) into the midst of the company at the marriage of Peleus and Thetis. The prize was claimed by Juno, Minerva and Venus, and was awarded to Venus by Paris, who was called in to make the award. The decision brought about the Trojan war.

Monster Crabs

King crabs, found mostly off the Islands of Japan, measure from three feet to five feet from tip to tip of their great claws. The largest ever caught is recorded as having been nineteen feet from tip to tip.

BRAINERD DAILY DISPATCH

REPUBLICAN STATE CENTRAL COMMITTEE

W. W. Sivright of Hutchinson, Former President State Fair Board, Named Chairman

COMMITTEE MEMBERSHIP FIFTY

D. D. Schrader of Brainerd Attended as Representative of Harold Knutson

D. D. Schrader has returned from St. Paul, where he attended the organization meeting of the Republican state central committee, which he attended as a representative of Hon. Harold Knutson, who could not be present.

W. W. Sivright, of Hutchinson, and former president of the Minnesota State Fair Board, was chosen chairman, and Mis Hattie S. Bordewich, of Olivia, sister of Mrs. Michael Dowling, is vice chairman.

It was decided to cut down the membership of the state central committee to one-half its former number. Last year there were one hundred members, this year there will be only fifty, twenty-five men, and twenty-five women.

Thirty of this number have already been selected, and are as follows: Mrs. Dolly Erickson, Miss Eloise L. Calihan, Charles N. Orr, Homer P. Clark, all of St. Paul, Donald Wright J. M. Harrison, Mrs. Wm. Edwards, Charles Reed, Fred H. Carpenter, A. A. D. Rahn and Ed. Smith, all of Minneapolis, Mrs. T. L. Devoist, Oscar Dawley, of Duluth, J. A. Malone, Rochester, J. C. Morrison, Morris, Mrs. Bertha Dahl Laws, Appleton, Mrs. Minnie Beatty, Anoka, Senator Frank Putnam, Blue Earth, Mrs. W. Curtis, St. James, D. D. Schrader, Brainerd, E. W. Stark, Center City, Miss Grace Dunn, Princeton, Martin Widstein, Crookston, A. J. Rockney, Zumbrota, Co., Charles H. March, Litchfield, Herman Roe, Northfield, and Mrs. Thomas Moen, Red Wing.

The balance of the committee will be chosen on next Tuesday, and on the day following the new organization will be completed, the executive committee chosen and a secretary elected.

LONG DISTANCE TAX REMOVED ON JULY 3

ELIMINATION OF TAX AFFECTS MESSAGES COSTING 15c OR MORE

As a result of the new tax law passed by Congress and signed by the President on June 2, the Federal tax on long distance telephone messages will be discontinued on and after July 3.

All long distance calls costing fifteen cents or more will be affected by the elimination of this tax. The tax has been five cents on calls costing fifteen to fifty cents, inclusive. On each long distance telephone message costing more than fifty cents, the tax has been ten cents. This tax has been collected by the telephone company for the Federal government.

Many petitions and resolutions from the Middle West asking that this tax be removed were received by senators and representatives during the last session of congress. Business men contended that this tax was a burden on producers and consumers, and that it was a relic of war times.

About 1,700,000 long distance calls are made in the United States each day. Over 15,000,000 telephones in the nation are all interconnected, and enable persons in 70,000 cities, towns and communities in the United States, Canada and Cuba to converse with each other any hour of the day or night. This has led to a steadily increasing use of the long distance service for social and business purposes.

Removal of the federal tax on long distance telephone calls does not mean that the Telephone Company will not continue to pay its proportion of taxes. The Federal message tax was assessed against the telephone user. The Telephone Company will continue to pay its regular federal, state and other taxes.

Oldest Los Angeles Mailman Boosts Johnson Picture

No warmer words of praise have been heard for Emory Johnson's production, "The Mailman," which is to open at the Lyceum Sunday, which dramatizes and glorifies the workers of the U. S. postal service, than from the men of the ranks themselves.

One man in particular who has viewed the Johnson production and voiced his approval in no uncertain terms is T. E. Fredericks, who has just resigned from the Los Angeles department after serving for more than thirty-six years as a letter carrier. He is at present residing on a small farm overlooking the blue waters of the Pacific at Balboa.

News that affects you most

You may be entertained by news of the Yanks and the Giants, but you aren't vitally interested unless you have money at stake; and the shifting of European boundaries doesn't affect you half so much as the softness of your mattress, the comfort of your shoes, what you ate for breakfast, how much your last hat cost.

That's why advertising news deserves as much attention as sporting or international news. The advertisements keep you informed of all the latest comforts and conveniences that can make your daily living more delightful. They tell where to secure the best, how to save money, how to lessen work, have a better home, better food, better clothes, more luxuries.

You can't keep up with the daily news—the kind that affects you most—unless you read the advertisements.

LAND CLEARING DEMONSTRATION

Rain Postpones Program of Today, Will be Held Sunday in Crosby

AT THE KEATING CORNER

Acre of Stumps to be Blown Up With a Mighty Salvo

The land clearing demonstration, which was to have been held at Crosby today, was postponed because of the rain, and County Agent E. G. Roth announces that the special train and its equipment has ben held over one day and will put on the demonstration on Sunday afternoon, the weather permitting.

This demonstration will be staged at the Keating corner, between Crosby and Deerwood, as formerly planned, and will begin promptly at one o'clock Sunday afternoon.

All who can possibly do so are asked to be present, and it is expected that there will be an exceptionally large number on hand. It being Sunday, the farmers will be able to turn out in force, and many townspeople will be there to see "How it's done."

At three o'clock there will be an acre of stumps blown out by one mighty salvo, by the Hercules Powder Co. Land clearing machinery will be exhibited and demonstrated, all of which will be of special interest to all farmers of the county.

The train, consisting of eight or ten coaches, will be at Crosby all day, for the convenience of visitors who wish to visit its exhibits. During the afternoon and evening motion pictures of land clearing methods will be shown in one of the coaches.

This train was to have stopped in Brainerd on Friday evening, where lectures on land clearing were scheduled, but it was delayed and did not arrive until after ten o'clock in the evening.

Englund-Peterson

The following clipping, taken from the Tacoma, Washington, News Trimune, gives an account of the wedding of Miss Mary E. Peterson, of trat city, and Emil W. Englund, of Brainerd. The groom is well known here, being empolyed in the general offices of the Minnesota and International Railway.

A charming wedding took place at 11 o'clock, June 3, in the parsonage of St. John's English Lutheran church, Rev. Paul L. Kungmann, pastor, when Emil W. England of Brainerd, Minn., and Miss Mary E. Peterson of Tacoma were united in marriage.

The bride was lovely in a suit of gray with hat to match. Miss Peterson, whose home is in the East, has spent the past half year with her sister, Mrs. H. J. Reichman, 1221 South Ridgewood avenue.

Following the ceremony Mr. and Mrs. Englund left for Seattle, going from there by boat to Vancouver, B. C., and taking the Canadian Pacific route to Brainerd, Minn., where their home will be made.

Prohibiting Improvements

Iceland has prohibited the importation of shoes. It will return to the exclusive use of its own hairy sea skin footwear.

Nearly all dry goods are barred, meaning a return to homespun. Automobiles, motorcycles, films are not to be for the Icelander.

This movement back to the simple life in Iceland now has something of a counterpart in Sweden, which is proposing to resist the flood of automobiles which is engulfing other parts of the world.

Not rarely an American here and there wishes he might be clear of an autpmobile, radio, telephone transported world as altogether too much with him. Such will find Iceland, if it stands firm, a final retreat.—Lincoln Journal.

BIDS WANTED

The Board of Education of the Brainerd school district, will receive sealed "Bids" at the office of the secretary, Louis F. Hohman, 214 S. 6th St., Brainerd, Minn., up to the hour of seven o'clock P. M. Monday, the 7th of July, 1924, for improvement and repair work to be done at the Washington, Lincoln and Whittier school buildings as per plans and specifications on file at the office of the secretary of the board.

A certified check, payable to M. E. Morrison, treasurer, equal to 20 per cent of bid must accompany each proposal to do this work.

The Board of Education of the Brainerd school district, reserves the right to reject any or all bids.

ROBERT T. WARRICK HAS PASSED AWAY

Ex-Service Man Succumbed to Heart Trouble Following Pneumonia

SAW OVERSEAS SERVICE

Was a Member of the 5th Field Artillery, American Expeditionary Force

Robert Thomas Warrick, ex-service man and well known in the city, passed away at 4:15 Friday afternoon at his home, 921 South Broadway, death resulting from heart trouble following an attack of pneumonia, from which he had practically recovered.

Deceased was born at Kimball, December 30th, 1892. He moved with his parents to Jenkins when twelve years of age. Later he worked for the Northern Pacific Railway in the West.

He was a member of the A. E. F., and saw fifteen months service overseas in the Fifth Field Artillery.

He returned to Brainerd at the close of the war, and was employed for several years at the Woodhead Motor Co., as a mechanic. On June 28th, 1921 he was united in marriage to Miss Rose Hoerner. He passed away on the eve of his wedding anniversary.

To this union were born two sons, Robert Alfred, aged two years, and Joseph Hugh, born on May 7th of this year.

Beside his wife and children, he is survived by his parents, Mr. and Mrs. R. B. Warrick, of Jenkins, three sisters and two brothers, being Mrs. Alvin Cornell, Mrs. Delia Ellis, Clifford, Michigan, Mrs. Rhoda Bower, Sumner, Washington, Hugh Warrick, Puyallup, Washington and Feilden of Royalton. The oldest brother, Milton, passed away some time ago.

Mr. Warrick was a member of the Catholic church. He also belonged to the Knights of Columbus, the American Legion and the Disabled War Veterans.

The funeral will be held on Tuesday morning, at eight o'clock from the home, and 8:20 o'clock from St. Francis Catholic church. Burial will be in Evergreen cemetery, with military honors.

Ice Cream Social

There will be an ice cream social given by the Birthday club of the Swedish Bethany church this Saturday afternoon and evening on the church lawn. Tables will be set in the church if the weather in inclement.

CANDY FOR CHILDREN

New Store Built on Old Site Near Former Kindred Hotel

Swanson & Thon, grocers of Northeast Brainerd, have moved into their new quarters on a site just east of the old Kindred hotel, and are today holding their formal opening, welcoming their friends with cigars for the men, flowers for the ladies and candy for the little folks.

The new store building is of hollow tile construction with pressed brick front. It is twenty-five feet by sixty-feet with a full basement. The store room is forty feet long, with a room at the rear twenty-five feet by twenty feet for warehouse facilities in addition to the basement warehouse.

The store is nicely furnished inside. New steel shelving, the first of its kind in the city, has been installed. A large Herrick refrigerator, new show cases and counters complete the equipment.

The firm has allowed its stock of groceries to run very low the past few weeks, so that it might have practically a clean new line of merchandise to offer in the new store. "Home Brand" and the "Sun Kist" lines will be the two featured, although a complete line of staple trademarked goods will always be handled.

The opening of this new store marks the third milestone in the growth of the Swanson & Thon grocery. Oscar E. Swanson has been in the business some eighteen years, the first ten of which was in partnership with his father. Arthur Thon, who was employed by the Swansons, purchased the senior partner's share eight years ago.

The business has always been conducted in the Kindred hotel, but when that landmark burned November 1st of last year, temporary quarters were secured at 111 "A" street, some three doors east of their new building.

Swanson & Thon are foremost among the progressive merchants of Northeast Brainerd, and their friends predict for them a very successful future in their new location.

Bids Wanted to Furnish Coal

The Board of Education of the Brainerd School District will receive sealed Bids at the office of the Secretary, Louis F. Hohman, 214 So. 6th St., Brainerd, Minn., up to the hour of seven o'clock P. JURY DISAGREED

Case of James O'Connor Placed at Foot of Calendar, Walker District Court, for Re-trial

(Walker Pilot)

One of the hardest fought cases on the criminal calendar was that of the State vs. James O'Connor of Brainerd. The defendant was charged with rape having entered a room in a hotel in Walker and attacked a young lady who was employed in the hotel. The case occupied the attention of the court Friday and Saturday. County Attorney Rogers conducted a strong case for the state while Mike Ryan of Brainerd did the same for the defendant. The case went to the jury at 4:57 Saturday P. M. Deliberation lasted all night and at 8:10 Sunday morning they reported that they were hopelessly disagreed.

It is reported that the first ballot taken stod eight for conviction and four for acquittal. One of the jurymen is said to have stated on the start that he would never agree to a conviction. He kept his word. At times during the night the jury was real noisy and there is said to have been much argument over the merits of the Ku Klux Klan as there is supposed to have been two members of the Invisible Empire on the jury and another who was of a nationality and belief wholly at discord with the Klan.

After discharging the jury Judge Wright ordered the case placed at the foot of the calander for re-trial at this term of court.

The jury who brought in a verdict of disagreement was composed of the following: E. Skelley, M. C. Anderson, Michael Gannon, John Jaske, C. A. Emeriod, Otto Puttin, Casper Zugschwert, Henry DeWold, George Engelhart, Brower Peterson, E. H. Durst, Leonard Segal.

What Is Buick Going To Do?

Many Rumors Are Afloat Concerning Buick's Next Step in the Automotive World

WHAT is Buick going to do?

This question has been on the lips of everyone for the last few days. Always a subject of speculation among motorists and members of the industry alike, the plans of the Buick Motor Company for its 1925 year have become a topic of conversation everywhere since the rumors have become current that there is shortly to be announced [illegible] special interest.

Although announcement of last year's [illegible] the entire Buick line of cars was redesigned along entirely different lines, the public is ready to expect something equally startling in the 1925 program. The introduction of four-wheel brakes on all Buick models in 1924, which came as a distinct surprise, was a movement for Buick that translated itself into increased sales and into additional prestige for the Buick name. In fact, Buick's adoption of four-wheel brakes was the signal for a general shift throughout the industry to this kind of equipment. Indications are that practically every model brought forward during the current season will include this safety factor.

Having created such a focus of attention to its plans by the announcements of other years and the steps forward that Buick has made with the production of each new model, the public again looks to Buick to provide the season's greatest achievement in [illegible] motors.

There is a rider [illegible] that Buick will make a radical change in the appearance of its models. The overwhelming indorsement of the beauty and grace of the present design makes it seem almost certain that Buick will continue the general characteristics of appearance which are found in the 1924 models.

Of course it is expected that there will be important refinements and improvements both inside and under the hood. In fact, Buick's policy of building automobiles has been so thorough in every phase that each new contribution of its line has been characterized by definite advances in better mechanical operation, riding qualities, economy and other features of internal design, as well as in the improvement of the external appearance and appointments.

Meanwhile, the entire Buick organization continues to remain silent. There is, however, a hint in this silence that presages something for the near future.

LAND CLEARING DEMONSTRATION

Rain Postpones Program of Today. Will be Held Sunday in Crosby

AT THE KEATING CORNER

Acre of Stumps to be Blown Up With a Mighty Salvo

The land clearing demonstration, which was to have been held at Crosby today, was postponed because of the rain, and County Agent E. G. Roth announces that the special train and its equipment has ben held over one day and will put on the demonstration on Sunday afternoon, the weather permitting.

This demonstration will be staged at the Keating corner, between Crosby and Deerwood, as formerly planned, and will begin promptly at one o'clock Sunday afternoon.

All who can possibly do so are asked to be present, and it is expected that there will be an exceptionally large number on hand. It being Sunday, the farmers will be able to turn out in force, and many townspeople will be there to see "How it's done."

At three o'clock there will be an acre of stumps blown out by one mighty salvo, by the Hercules Powder Co. Land clearing machinery will be exhibited and demonstrated, all of which will be of special interest to all farmers of the county.

The train, consisting of eight or ten coaches, will be at Crosby all day, for the convenience of visitors who wish to visit its exhibits. During the afternoon and evening motion pictures of land clearing methods will be shown in one of the coaches.

This train was to have stopped in Brainerd on Friday evening, where lectures on land clearing were scheduled, but it was delayed and did not arrive until after ten o'clock in the evening.

Englund-Peterson

The following clipping, taken from the Tacoma, Washington, News Trimune, gives an account of the wedding of Miss Mary E. Peterson, of trat city, and Emil W. Englund, of Brainerd. The groom is well known here, being empolyed in the general offices of the Minnesota and International Railway.

A charming wedding took place at 11 o'clock, June 3, in the parsonage of St. John's English Lutheran church, Rev. Paul L. Kungmann, pastor, when Emil W. England of Brainerd, Minn., and Miss Mary E. Peterson of Tacoma were united in marriage.

The bride was lovely in a suit of gray with hat to match. Miss Peterson, whose home is in the East, has spent the past half year with her sister, Mrs. H. J. Reichman, 1221 South Ridgewood avenue.

Following the ceremony Mr. and Mrs. Englund left for Seattle, going from there by boat to Vancouver, B. C., and taking the Canadian Pacific route to Brainerd, Minn., where their home will be made.

Prohibiting Improvements

Iceland has prohibited the importation of shoes. It will return to the exclusive use of its own hairy sea skin footwear.

Nearly all dry goods are barred, meaning a return to homespun. Automobiles, motorcycles, films are not to be for the Icelander.

This movement back to the simple life in Iceland now has something of a counterpart in Sweden, which is proposing to resist the flood of automobiles which is engulfing other parts of the world.

Not rarely an American here and there wishes he might be clear of an automobile, radio, telephone transported world as altogether too much with him. Such will find Iceland, if it stands firm, a final retreat.—Lincoln Journal.

BIDS WANTED

The Board of Education of the Brainerd school district, will receive sealed "Bids" at the office of the secretary, Louis F. Hohman, 214 S. 6th St., Brainerd, Minn., up to the hour of seven o'clock P. Monday, the 7th of July, 1924, for improvement and repair work to be done at the Washington, Lincoln and Whittier school buildings as per plans and specifications on file at the office of the secretary of the board.

A certified check, payable to M. E. Morrison, treasurer, equal to 20 per cent of bid must accompany each proposal to do this work.

WILL THE YANKS LAST OUT 1924 SEASON?

By FRANK GETTY
(United Press Staff Correspondent)

New York, June 28.—The famous world champions are fading—slowly, but surely.

The Yanks are an old team, as baseball goes. It received practically no young blood during recent years. New fdces have appeared, but they were mostly old in the league. Manager Huggins has depended almost entirely on buying "made" players. He has unlimited cash from the rich New York American League owners, and so long as Harry Frazee was selling off the Boston Red Sox, money talked very freely. But now that the new owners are building, money is tongue-tied in Boston.

No one else in the American League will sell to the Yanks, unless it's a case of sell or go bankrupt, and all the league teams seem to be making money this year.

So, with his old stars fading, knee-joints stiffening and elbow-hinges sobbing for oil, Huggins is looking forward to the coming winter with misgivings.

Schang, Dugan, Scott, Pipp, Pennock and several other stars are fast growing no younger. The Babe has seen his fastest days, and his weight will soon force him to first base or to the bench as a pinch-hitter.

Don't get the wrong idea. With a little luck in escaping injuries, Huggins is likely to lead the pack home with at least an even chance at the world series this fall. But he must have luck. With the epidemic of injuries that the Reds have suffered, Huggins would now be in the second division. The hot July and August suns will thaw out the old soupbones and oil up the rusty hinges. That will help quite a bit, if the fragile, old athletes can keep their bones intact.

Huggins' first real blow this year was when Earl Coombs, his $75,000 Louisville beauty, busted his valuable ankle at Cleveland, June 15. And Huggins is certainly weak in second-string men.

New York baseball experts have been hinting for some time, in fact since the disastrous trip west started, that the Yanks were in danger. But New York must have the "biggest" or the "smallest." Nothing but extremes go in insular Manhattan. So everybody whistled going through the haunted west and hoped to escape the boogie man.

AMERICANS KEEP UP DIZZY PACE AT WIMBLEDON

RICHARDS LOSES FIRST SET OF TOURNAMENT, BUT DEFEATS HIS OPPONENT

By HENRY L. FARRELL
(United Press Staff Correspondent)

Wimbledon, June 28.—America started off with a win as the fourth round of the Wimbledon tennis tournament started yesterday.

R. Norris Williams easily defeated A. N. W. Dadley in the opening match 6-3, 6-0, 6-4.

Continuing her wonderful game, against which no opponent has been able to score a single point, Mme. Suzanne Lenglen defeated Mrs. George Wightman, former American champion, 6-0, 6-0, in the fourth round yesterday.

"Vinnie" Richards, on whom America is pinning most of its hopes in the singles, won his match against D. M. Greig, 6-2, 4-6, 6-2, 7-5.

The king and queen as well as other members of the royal family saw Norman E. Brooke, Australian veteran, defeat Francis T. Hunter, American entry, yesterday in a fiercely fought five-set match, 3-6, 6-3, 6-4, 5-7, 6-3.

The American champion, Helen Wills, moved up another step in the championship fight today by eliminating Mrs. Edinton, 6-2, 6-2.

BROOKS CRACKS IN TENNIS FIGHT

AUSTRALIAN STAR SUCCUMBS TO BELGIAN EXPERT'S DRIVE

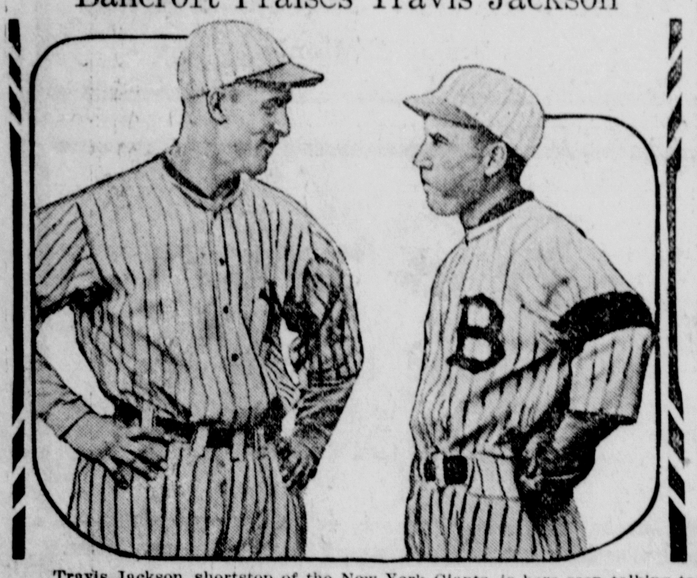

(By United Press)

Wimbeldon, England, June 28.—The veteran Norman Brooks, Australian tennis star, bowed today before the terrific drives of Gene Washer of Belgium, and Brooks was eliminated from the All-England championship matches.

Washer has a comparatively easy time of the first set taking it 6-2, but Brooks called on his remarkable court strategy and scores in keen competition in the last two sets, both of which went to Washer, 7-5 and 6-4.

With the score standing 6 to 2 in favor of the Shops, the game last night between the Shops and Y. M. C. A. was called off in the fourth inning, on account of darkness. As the game had not priceeded to the regulation five innings, it does not count in the league standings, and will be replayed at a later date. The pitchers had difficulty in controlling the wet ball, but considering the condition of the field, the game as a whole was well played. The Y. M. C. AWARD CONTRACTS ON ROAD JOBS

STATE HIGHWAY COMMISSIONER ANNOUNCES LOW BIDDERS ON WORK

Tentative awards of contracts in the largest single list of state trunk highway improvements for 1924 were announced this week by Charles M. Babcock, state highway commissioner. The total is $1,000,000. Another lot of trunk route betterments is to be contracted in a month under the policy of giving motor vehicle taxpayers the earliest use of the improvements their money is buying.

Contracts now being made call for 140 miles of grading, requiring the moving of 1,600,000 cubic yards of earth; 90 miles of surfacing, taking 160,000 yards of gravel; 19 new bridges of 1,300 lineal feet and widening 7 old bridges, and about 5 miles of paving on T. H. No. 3 between Lake City and Red Wing. All the undertakings are to be pushed to earliest possible completion.

Bid prices continued on the usual low levels but there were extraordinarily wide spreads between the best figures and the general average on most jobs. The big letting attracted many contractors from other states who explained they would like to work under the plain specifications adopted in Minnesota.

The most important improvements on this as on preceeding lists are to be financed with county reimbursement bonds, Commissioner Babcock said. But the bonds with interest are to be paid from automobile tax receipts through a sinking fund which already holds $2,000,000 drawing 4½ per cent interest. The sinking fund total is exclusive of necessary amounts set aside to meet current interest payments. This "pay-as-you-use" plan, the commissioner added, is speeding the highway program with greatest economy and fairness.

WHEN KIDNEYS HURT DRINK MORE WATER

The American men and women must guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablesponoful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive; can not injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. By all means have your physician examine your kidneys at least twice a year.—Advt

WILL THE YANKS LAST OUT 1924 SEASON?

By FRANK GETTY
(United Press Staff Correspondent)

New York, June 28.—The famous world champions are fading—slowly, but surely.

The Yanks are an old team, as baseball goes. It received practically no young blood during recent years. New faces have appeared, but they were mostly old in the league. Manager Huggins has depended almost entirely on buying "made" players. He has unlimited cash from the rich New York American League owners, and so long as Harry Frazee was selling off the Boston Red Sox, money talked very freely. But now that the new owners are building, money is tongue-tied in Boston.

No one else in the American League will sell to the Yanks, unless it's a case of sell or go bankrupt, and all the league teams seem to be making money this year.

So, with his old stars fading, knee-joints stiffening and elbow-hinges sobbing for oil, Huggins is looking forward to the coming winter with misgivings.

Schang, Dugan, Scott, Pipp, Pennock and several other stars are fast growing no younger. The Babe has seen his fastest days, and his weight will soon force him to first base or to the bench as a pinch-hitter.

Don't get the wrong idea. With a little luck in escaping injuries, Huggins is likely to lead the pack home with at least an even chance at the world series this fall. But he must have luck. With the epidemic of injuries that the Reds have suffered, Huggins would now be in the second division. The hot July and August suns will thaw out the old soupbones and oil up the rusty hinges. That will help quite a bit, if the fragile, old athletes can keep their bones intact.

Huggins' first real blow this year was when Earl Coombs, his $75,000 Louisville beauty, busted his valuable ankle at Cleveland, June 15. And Huggins is certainly weak in second-string men.

New York baseball experts have been hinting for some time, in fact since the disastrous trip west started, that the Yanks were in danger. But New York must have the "biggest" or the "smallest." Nothing but extremes go in insular Manhattan. So everybody whistled going through the haunted west and hoped to escape the boogie man.

AMERICANS KEEP UP DIZZY PACE AT WIMBLEDON

RICHARDS LOSES FIRST SET OF TOURNAMENT, BUT DEFEATS HIS OPPONENT

By HENRY L. FARRELL
(United Press Staff Correspondent)

Wimbledon, June 28.—America started off with a win as the fourth round of the Wimbledon tennis tournament started yesterday.

R. Norris Williams easily defeated A. N. W. Dadley in the opening match 6-3, 6-0, 6-4.

Continuing her wonderful game, against which no opponent has been able to score a single point, Mme. Suzanne Lenglen defeated Mrs. George Wightman, former American champion, 6-0, 6-0, in the fourth round yesterday.

"Vinnie" Richards, on whom America is pinning most of its hopes in the singles, won his match against D. M. Greig, 6-2, 4-6, 6-2, 7-5.

The king and queen as well as other members of the royal family saw Norman E. Brooke, Australian veteran, defeat Francis T. Hunter, American entry, yesterday in a fiercely fought five-set match, 3-6, 6-3, 6-4, 5-7, 6-3.

The American champion, Helen Wills, moved up another step in the championship fight today by eliminating Mrs. Edinton, 6-2, 6-2.

BROOKS CRACKS IN TENNIS FIGHT

AUSTRALIAN STAR SUCCUMBS TO BELGIAN EXPERT'S DRIVE

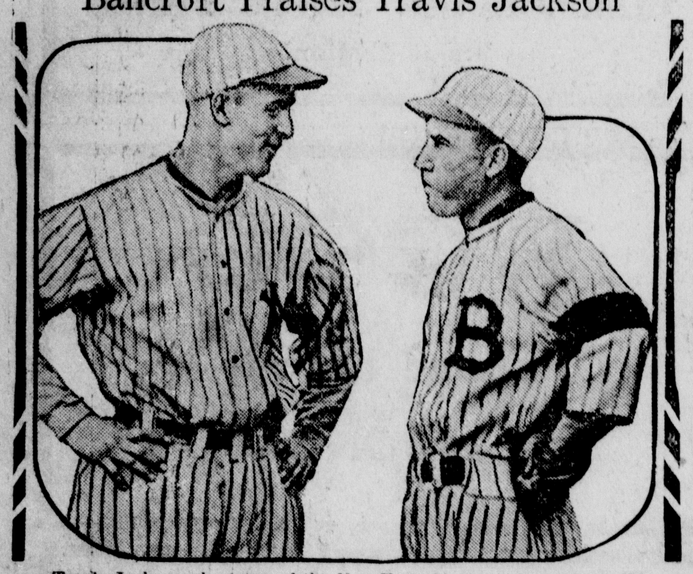

(By United Press)

Wimbeldon, England, June 28.—The veteran Norman Brooks, Australian tennis star, bowed today before the terrific drives of Gene Washer of Belgium, and Brooks was eliminated from the All-England championship matches.

Washer has a comparatively easy time of the first set taking it 6-2, but Brooks called on his remarkable court strategy and scores in keen competition in the last two sets, both of which went to Washer, 7-5 and 6-4.

LAST NIGHT'S GAME CALLED IN FOURTH INNING ON ACCOUNT OF DARKNESS

With the score standing 6 to 2 in favor of the Shops, the game last night between the Shops and Y. M. C. A. was called off in the fourth inning, on account of darkness. As the game had not priceeded to the regulation five innings, it does not count in the league standings, and will be replayed at a later date. The pitchers had difficulty in controlling the wet ball, but considering the condition of the field, the game as a whole was well played. The Y. M. C. A. made two hits off Jones' delivery, while the Shops team touched Ziebell for four hits, up to the time the game was called to a close.

INVINCIBLES IN RUN OF VICTORY

WIN EIGHT STRAIGHT AT KITTENBALL, DEFEATING GAS HOUSE TEAM

"Somebody stop them" is the cry being made against the O'Brien Invincibles, who won their eighth straight victory in kittenball on Wednesday evening, when they defeated the Gas House nine by a score of 9 to 5. The game was played on the Main street grounds, and the Invincibles lived up to their name in every respect.

Following is the line-up:

Invincibles—O'Brien, c.; Hansen, p.; Puff, 1b; Pendergast, 2b; Uddenberg, ss; McArthur, 3b; Mahlum, lf; Viken, cf; Hagberg, rf.

Gas House nine—Biggs, c; Tanner, p; R. Engbretson, 1b; Dankers, 2b; Taylor, ss; Nash, 3b; Sweet, lf; Melquist, cf; Kretzchmar, rf.

St. Cloud, France, June 28.—The United States polo team defeated France 13 to 1 in the Olympic polo tournament here this afternoon.

WHEN KIDNEYS HURT DRINK MORE WATER

The American men and women must guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablesponoful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive; can not injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. By all means have your physician examine your kidneys at least twice a year.—Advt

State of Minnesota, County of Crow Wing, in Probate Court.

In the Matter of the estate of Minda Johnson, Decedent.

The petition of Henry M. Johnson having been made and filed herein, praying for an order amending the Final Decree heretofore made and filed herein to show Mabel Stephens and Florence Murray as two of the heirs of said decedent in the place and stead of Mabel Stevens and Florence Murphy, respectively, named as two of the heirs in said Final Decree through error, mistake and inadvertence;

IT IS THEREFORE ORDERED that hearing upon said petition be had, before the Court above named, at the City of Brainerd, in said County, on July 7, 1924, at ten o'clock A. M.

IT IS FURTHER ORDERED that any and all persons interested therein be and appear at the time and place aforesaid and show cause, if any they have, why an amended Decree should not be made and entered in the matter of said estate to conform to the facts aforesaid.

Witness, the Judge of said Court, and the Seal of said Court, this 13th day of June, 1924.

CLIFTON A. ALLBRIGHT,
Probate Judge.
